BORED WITH WINTER?

WINTER GOTCHA DOWN? CAN'T RIDE? YOU COULD ALWAYS THROW SOME STUDS ON THOSE TIRES AND RIP AROUND IN THE SNOW! (ALTHOUGH THAT WOULD RUIN YOUR TIRES). YOU COULD TRAVEL SOUTH OR WEST TO SWITCHBACK MX. THEY ARE THE CLOSEST INDOOR MX FACILITY. (THAT COULD GET COSTLY). THE CHEEPEST SOLUTION IS TO SIT ON THE COUCH AND GET THOSE THUMBS GOING WITH SOME MXGP ON THE XBOX. (THAT'S WHAT ILL BE DOING LOL). WHAT DO YOU DO DURING THE WINTER WHEN IT COMES TO MX? WE WANNA KNOW! SEND US A PICTURE OF WHAT YOU WILL BE DOING DURING THE OFFSEASON. GOOD ONES MIGHT END UP ON THIS NEWSLETTER! SEND YOUR PICS TO mx124photos@gmail.com

RIDER SPOTLIGHT: ZACH BROWN

Zach brown is currently an amateur racer within the msc series. He is a force to be reckoned with. He is very competitive and always a possibility to win. He currently races the 250B and

college boy classes. Off the track Zach has a wonderful personality. He is always willing to help. I had the opportunity to have Zach on my dbmx dealer shootout team this year. He was the perfect choice for the b class. He performed well

above my expectations and was a pleasure to have on the team. He is this week's rider spotlight! Let's get to know Zach shall we.

What got you into racing motocross?

Well when I was little my father got me into racing BMX. I was one of the top kids in my class in the country, as I grew older BMX just kind of faded away. Few years later I really got into the whole dirt bike thing, my dad decided that him and I both sign up for the msc district, and from there it took off. My dad later informed me that the whole reason he had me race BMX was so he could get me into motocross.

First bike?

My first bike was a jR 50.

Where was your first race how did you do?

My First race was at Claverack motocross, was honestly very nervous and I didn't do even close to how well I thought I would, I got second to last

Favorite thing about racing

My favorite thing about racing is definitely the competitive

THEIR STREET BIKES.

- 1952: THE FIM CREATED AN INDIVIDUAL EUROPEAN CHAMPIONSHIP USING 500CC BIKES.
- 1962: A 250CC CHAMPIONSHIP WAS CREATED.
- 1966: MOTOCROSS WAS INTRODUCED IN THE USA.
- 1972: THE FIRST STADIUM EVENT WAS HELD IN THE LOS ANGELES COLOSSEUM.
- 1975: THE 125CC CHAMPIONSHIP WAS CREATED.
- 1975: AMERICAN RIDERS BEGIN WINNING INTERNATIONAL EVENTS.
- 1976: AIR COOLED DUAL SHOCK BIKES GIVE WAY TO WATER COOLED SINGLE SHOCK BIKES.
- 1990'S: OTHER SANCTIONED EVENTS BEGAN TO TAKE PLACE SUCH AS FMX AND ARENACROSS. DUE TO ENVIRONMENTAL

aspect of the whole event, I also love just being at the races and hanging out with some of the best people on the planet such as my friends and family.

Favorite track?

This is a hard one I have a lot of tracks I like. But I definitely like the sands of Southwick.

2018 goals?

My goals for 2018 are to try and qualify for Loretta Lynn's in the 450B class. I will be purchasing a new 2018 yz450f within the next few months. I have been doing my time at the gym lately to prepare for 2018. Also, I will be training weekly at two private tracks to get as much seat time as possible.

Favorite bike brand and why?

Definitely Yamaha, you just can't beat the power and suspension of the Yamaha's, as well as the really reliable motor.

Worst crash?

My worst crash has to be when I was riding at royal mountain ski area. It was just a practice day and I was loving the track never been there before, I was coming around a corner and a kid fell right in front of me and I had no choice but to run him over. I got ejected off the bike and when I stopped tumbling I went to get up and had a lot of pain in my back. I could barely stand up or walk for the next two days due to the pain. Not to mention my bike was mangled Pretty good

What advice would you have for kids just starting to getting into racing?

Never look back. And always push yourself to do the best

LAWS IN CALIFORNIA 4-STROKE BIKES BEGAN TO BE DEVELOPED.

- 1998: THE FIRST 4-STROKE, THE YZ400F WAS RACED IN SUPERCROSS BY DOUG HENRY.
- 2004: BY THIS TIME MOST ALL THE MAJOR MANUFACTURERS WERE BUILDING 4-STROKE BIKES AND WERE USED IN COMPETITION.
- PRESENT DAY: MOTOCROSS HAS GROWN INTO A WORLDWIDE PHENOMENON!

you can even if your not doing well. I've seen some kids who have crazy talent give up cuz there not doing good and I hate to see that. It's all about having fun on the bike.

Racing career highlights

The two best memories I've had was racing arenacross and winning one of the qualifiers and then in 2016 I won my first ever B class race at echo valley mx. Swept both motos. I did get the opportunity to race the diamondback dealer shootout that was definitely a fun and interesting race.

Any shootouts?

I'd like to thank all my friends and family for their support, As well as my sponsors
